Dear Sir:

In speaking with Mr. A. A. Weinman recently, he informed me that you had told him that you were sending two copies of the beautiful medal designed by him for the Mount Sinai hospital as a gift to our Society. It is unnecessary to say that we would be very happy to have specimens of so fine a medal.

May I venture a suggestion of something which may not have occurred to you? The models for this medal were made about 18 inches in diameter, and should they be casts the full size of the model and simply framed, they would make splendidly decorative panels. We have recently had the J. Sanford Saltus Award Medal cast in the original size of the model and the result is very pleasing indeed.

If you could visit our Museum in the near future, I am sure you would at once realize how desirable and appropriate it would be for the Mount Sinai hospital to have these models cast in full size. The expense would not be terrific - certainly less than Three Hundred Dollars and, perhaps, only slightly in excess of Two Hundred Dollars. I feel sure that Mr. Weinman would undertake their casting and framing for you. It is probably due to his modesty that he has not felt free to offer the suggestion which I am making bold to lay before you.

Very respectfully yours,

Secretary

My dear Mr. Noe,

Thank you very much for your kind letter of the 18th inst.

The matter of presenting a copy of the Mount Sinai Hospital medal to the American Numismatic Society, was left for decision with the President of the Hospital, Mr. George Blumenthal, who is at present in Europe. I know that we had one struck off to be presented to your Society. Mr. Blumenthal, on his return from Europe, will take up this matter with you, as also the suggestion made in your letter. I am sending him a copy of your letter, and of my reply.

Yours very truly,

Sydney P. Noe, Esq., Secretary,
American Numismatic Society,
Broadway & 156th Street, CITY.
